RHODES GLOBAL DELEGATE SPOTLIGHT

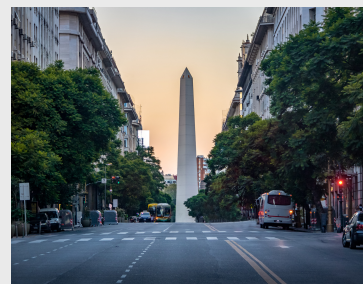

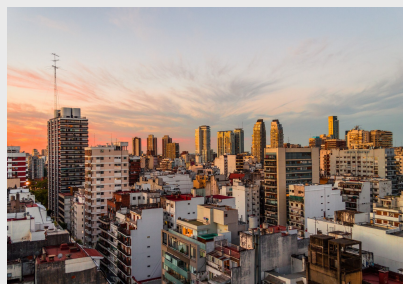

Name: Leticia Rosas c/o 2022

Majors: Psychology and German Studies

Program: Bilateral Exchange, Eberhard Karls
Universität in Tübingen, Germany (Spring 2021)

"The minute I landed in Germany I saw language come alive. These German words were previously just translations for my thoughts and feelings in my classes at Rhodes, so stepping off the plane and actually having to use the language for the first time was exciting and rewarding. During my time in Germany, I got to know what love for a place was. I met so many wonderful friends that were kind, adventurous, and funny. I loved getting to know my friends' quirks and also the language's quirks. My favorite memories are definitely all of the kitchen parties we had throughout the semester. I learned a lot about perspective, confidence, and adaptability, and I know that these are qualities that I will carry with me wherever I go."
